

Michael Todd

Between performing and practicing Xavier has noticed that he has been spending more money than he needs to every month. Now he is nearly penniless.

Michael Todd

He looks up ways to save money online and after searching he comes across a financial management app called Expense Management that will help him manage his expenses.

Michael Todd

After finding out the features of the app and reading the reviews he decides to download it to test its effectiveness.

Michael Todd

This app allows him to set goals of how much money he wants to save every week or month. It also informs him of how much money he spends on the average day, week or month.

Michael Todd

With the help of the app Xavier successfully saves enough money to continue living comfortably.

Michael Todd

Thank to the app's success he gives the app great review and recommends the app to other people.

Gazy Rubied

Mike is a college student who is struggling to limit his monthly expenses. Most of his money is spent on video games and fast food as he is too lazy to cook after work. At this rate it will be difficult for Mike to afford his college expenses.

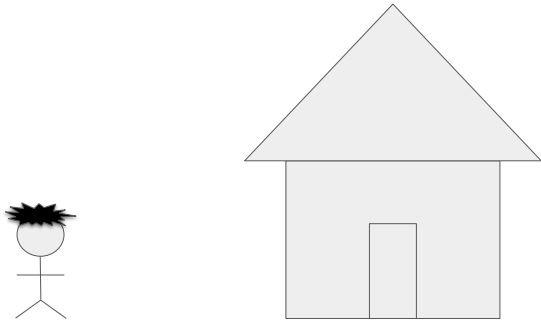

Mike's best friend, Alex introduces him to an app that would help limit his expenses. This app is called Expense Manager.

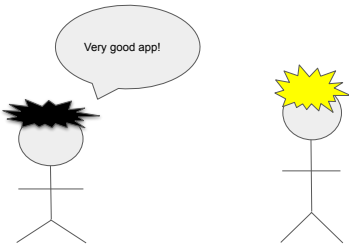

Using the app, Mike sets up a monthly expense limit.

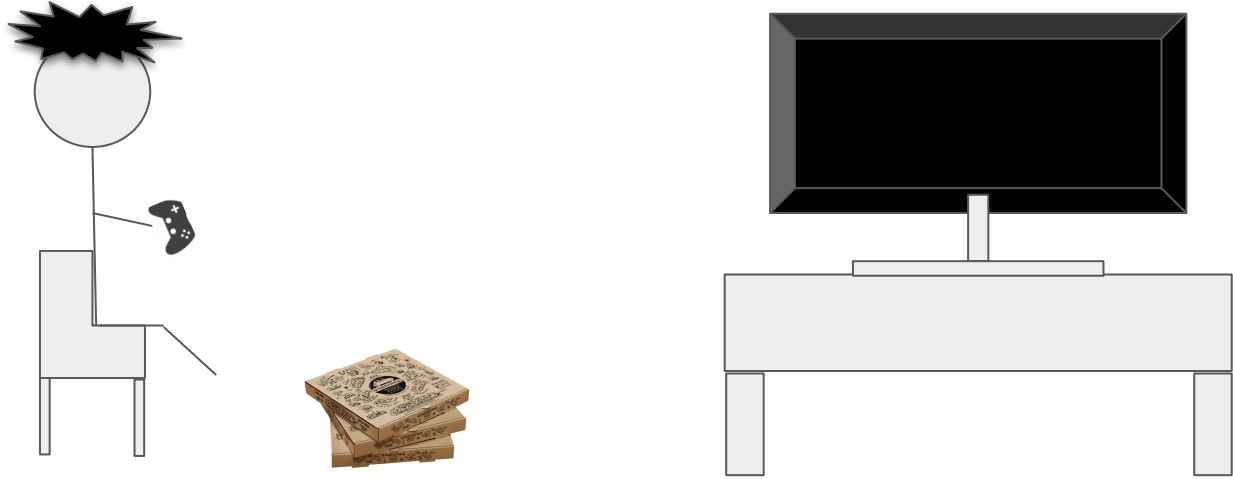

After setting up notifications, Mike now receives a message whenever he overspends

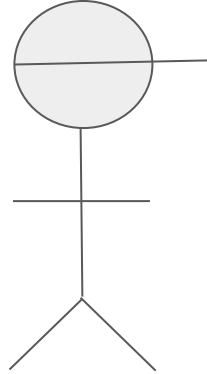

Using this app, Mike was able to save up money to buy a house in the next few years

Mike now recommends this app to his friends and family

Mark Shperkin

VectorStock®

VectorStock.com/1707874

Mark Shperkin is spending too much money on online shopping.
he usually spend money on stuff he does not need.

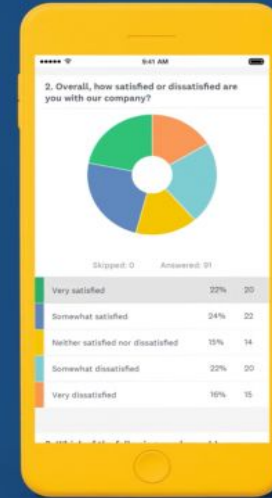

in the end of the month, Mark realized that he run out of money.
now he does not have enough money to pay for food and rent.

Mark Shperkin

Mark talked to his friends about it, and they suggested an amazing app called “Expense Management”.

Mark Shperkin

this unique app is designed to help the user save money.
it does so with the help of a special algorithm that keeps track of users money
by calculating the average amount the user spend in a weekly bases and
calculating the amount the use is able to spend in a week based on his
income. the app reminds the user to be conservative about money spendin by
showing the user how much money he spent each day.

Mark Shperkin

the app sets goals for the user to achieve and motivate him to save money.
after each week the user can share his success with friends and family, which makes this app a fun competition game.

Mark Shperkin

after a month of using the app, Mark saved a lot of money. he does not worries any more about paying rent or being in debt.
